Alternate hikes depending weather and snow fall

Soda Creek

Windy Point

Many of the hikes are listed in the Summit Hiker by Mary Ellen Gilliland.

I scheduled easy hikes at the beginning and building up to moderate hikes as we get in better shape after the holidays.

As always, we need to dress for the weather and have enough water and provisions for safe fun on the trails in winter.

We will meet at the church at 9 AM on Friday mornings. However, if conditions question whether we should be outside, I will send an email at about 7:30 AM to cancel the hike.

I hope to see some hikers each week as we enjoy our beautiful mountains in their white coat of winter.
