Alternative hikes depending on road construction, unexpected events, etc.			
Lake Dillon Shore Trail			
Windy Point			

Many of these hikes are listed in *The Summit Hiker* by Mary Ellen Gilliland.

We tried to schedule the hikes to do easy ones early and build to longer ones in the middle of the season, to avoid busy areas on holiday weekends, and to provide a variety for all hikers, and alternate hikes that are shorter and longer drives. Jim or Holly will be available to lead most of the hikes, but if both are not there, please go ahead with the scheduled hikes.

As always, we suggest using hiking poles, wearing a hat and good shoes, using sunscreen, lip balm and bug repellent as desired, carrying plenty of water (and snacks as desired), carrying rain gear as needed, first aid kit, and binoculars as desired.

We look forward to seeing many of you this summer as we trek some of the most beautiful trails and areas of our mountain habitat. We meet at the Lord of the Mountains Church parking lot every Friday Morning at 8:30 AM to drive to the trails. We hope to see you.
